Safer Sanctuaries

Online: Monday, April 20

This two-hour training provides a scriptural foundation for safeguarding our most vulnerable populations—children and the elderly. Participants will learn practical steps for creating safe environments and responding appropriately in the event of a safety concern. Designed for immediate application, this course equips individuals with essential tools and best practices. It is especially recommended for those working directly with children.

Class will be held from 6:30pm - 8:30pm

COST: \$5.00
